DRAWINGS BY ITALIAN MASTERS:

Reproduced by the Autotype Process from the Originals in the

British Museum. With Notes, Biographical and

Artistic, by J. COMYNS CARE.

EXTRACT FROM PREFACE.—The Drawings by the great masters afford

the most precious evidence of certain qualities of invention and style.

Of the painter's mastery it is of course only possible to speak from the

witness of his work in colour; but of the intellectual purpose that

underlies the painter's craft, and gives life and animation to its forms,

the simplest sketch can often be made to tell as much as the most

finished picture. It has been my object in the Notes to indicate the

kind of service to the study of art which original drawings may be

made to render. By the help of a few chosen examples of Italian design,

I have endeavoured to set forth some of the aims of individual

masters, and to trace the wider movement of ideas by which individual

effort was partly directed and controlled. The great collection of

Prints and Drawings from which the examples have been chosen is,

unfortunately, but little known, even to that section of the public

which concerns itself with art. The treasures hidden in the Print

Room at the British Museum still await a fitting opportunity of display,

and the public is not to blame if, in the meantime, it remains

ignorant of the wealth that has been accumulated in its name. It

would be fortunate if the publication of these drawings should serve to

draw attention to a rich and unexploited mine of artistic knowledge,

and thus help to hasten the day when a splendid, and, in some respects,

unrivaled collection, shall be made really accessible to the students of art.

THE MUSICAL TIMES

AND SINGING-CLASS CIRCULAR.

PUBLISHED ON THE FIRST OF EVERY MONTH.

The Proprietors have the honour to announce that, in consequence of the continually increasing demands upon the space hitherto available in the "MUSICAL TIMES," they have decided that, on and after January 1, 1877, this Journal shall be ENLARGED to 48 Pages. With the increase of size, several additions will be made to the permanent Staff of the Paper; and not only will more space be devoted to leading articles from the ablest writers, but even greater attention will be given to the Reviewing department, which will include notices of important works published abroad. A feature of special interest will be added to the Paper in the shape of short notes relative to current musical events, and a record will be given of the principal Foreign News. Greater attention will also be paid to noticing performances of an important and interesting character.

The Price of the Journal will be raised from 2d. to 3d., the Annual Subscription being 4s., including postage; but although the musical composition published in each number may frequently exceed four pages, this, when purchased separately, will be sold, as before, at 1d.

PROSE. By C. H. WALL, late Assistant-Master at Brighton College. With Short Introduction and Explanatory Notes. Vol. II. now ready. In 3 vols. coloured cloth, or Bohn's Library binding, 3s. 6d. each.

"The comments, if few, are judiciously chosen, and very much to the point..... Abandoning the hopeless attempt to translate idioms literally, Mr. Wall has, as a rule, succeeded very fairly in finding corresponding English equivalents. His titles also are good, and the general style of his work is easy and pleasant to read. If there is any person who desires to make an acquaintance with Molière and is unable to do so in the original, he will find a very fair substitute in Mr. Heron Wall's translation."—*Academy*.

London: GEORGE BELL & SONS, York Street, Covent Garden.

2 vols. post 8vo, 7s.

DORA SCHMITZ, Translator of Professor Elze's "Essays on Shakspeare," and Dr. Schlicmann's "Troy and its Remains." In coloured cloth, or Bohn's Library binding.

The following headings to the nine books, into which this work is divided, will give some idea of its scope, and of the thoroughness with which the author has treated his subject: History of the English Drama—The Life and Times of Shakspeare—Shakspeare's Dramatic Style in relation to that of his Contemporaries—Shakspeare's Tragedies—Shakspeare's Comedies—Shakspeare's Historical Dramas—The Plays ascribed to Shakspeare, the genuineness of which is doubtful—History of Shakspeare in England—in Germany.

"The translation is, upon the whole, remarkably well executed."—*Academy*.

SIX to SIXTEEN: a Story for Girls. With

10 Illustrations by Mrs. Allingham.
"We have not met a healthier or breezier tale for girls for a long period."—*Academy*.

"The homely good sense and humour of the bulk of the story are set off by the pathos of its opening and its close, and a soft and beautiful light, as of dawn and sunlight, is thrown round the substantial English ideal of what a girl's education ought to be, which runs through the tale. Mrs. Ewing's book will hardly be equalled by any of the many stories for girls which the coming Christmas is sure to produce."—*Spectator*, 1875.

CHRISTIANITY and MORALITY; or, the Correspondence of the Gospel with the Moral Nature of Man. The Boyle Lectures for 1874 and 1875. By HENRY WACE, M.A., Chaplain of Lincoln's Inn, and Professor of Ecclesiastical History in King's College.

"This is a work to be studied, rather than dismissed with that cursory perusal which is all this busy age can usually afford. . . . If our readers wish to know why they believe what they do, whether they can be said to accept it into the inner sense as well as the superficial impression, and what they are to say to those who tell them they cannot and do not believe what is utterly unreasonable and contrary to nature, they will find themselves completely and fortified by reading with due attention Mr. Wace's 'Christianity and Morality.'"

The Times, August 21, 1876.
"These are lectures of a high class, deserving and rewarding very careful study. They are distinguished by vigour and solidity of thought, by a style always lucid and occasionally rising into passages of great beauty, by a transparent candour, by an unusual insight into the modes of thought of the antagonists with whom the author crosses swords, and a not unsympathetic appreciation of the difficulties which have driven them into antagonism. All these are valuable qualifications in a Christian apologist; but we are inclined to place higher still the settled faith in the great truths of the Gospel, and the singularly high, strong, and spiritual tone which pervades these lectures."
The Guardian, August 30, 1876.

ENGLAND'S POLICY in the EAST. By the Baron HENRY DE WORMS. An Account of the Policy and Interests of England in the Eastern Question, as compared with those of the other European Powers. With a Map and Appendix, containing the Treaty of Paris, the Andrassy Note, the Berlin Memorandum, Lord Derby's Despatches, and other Documents. Demy 8vo, 5s.

[Now ready.
"Nous venons de parcourir un ouvrage..... dont nous recommandons sérieusement la lecture. 'La Politique de l'Angleterre en Orient,' par M. le Baron Henry de Worms."

Journal des Débats, December 12, 1876.
"Under this title Baron Henry de Worms has published a perfect handbook to the question of the day. It should be in everyone's possession. It contains not only an excellent map, but all the documents which are so frequently referred to. We find in it the Treaty of Paris, the Andrassy Note, the Berlin Memorandum, and all the most important of Lord Derby's despatches. The author analyses the Eastern Question in its inception, its progress, and its possible conclusion, and his pages contain not only valuable arguments and excellent suggestions, but are a perfect storehouse of information culled from books, diplomatic documents, and newspapers. The constitutions and laws of Turkey and of Russia are contrasted, the resources of every European State are weighed, the tendencies of the policy of the various Cabinets are carefully examined, and in a word all who wish to make themselves masters of the political situation ought to study and keep by them this valuable and ably-written compendium."

Post, December 13.

The EASTERN QUESTION.

The AUSTRO-HUNGARIAN EMPIRE: A Political Sketch of Men and Events since 1868. By Baron HENRY DE WORMS. Second Edition, revised and corrected, with an additional Chapter on the Present Crisis in the East. With Maps, demy 8vo, cloth, 9s.

"A clear account of the difficulties which beset Austria after the close of the war with Prussia, and of the policy of Count Beust in overcoming them, will be found in 'The Austro-Hungarian Empire and the Policy of Count Beust.'"*Quarterly Review*, October, 1876.

"The special merit of the essay which Baron de Worms has published are very considerable. The narration is always clear, the selection of materials is judicious, and the work is pervaded by a spirit of good sense and right feeling. It cannot be said that the author unduly exaggerates or unjustly depreciates the value of Austria and of Austrian men and things. There are also to be found in the volume sources of information not easily to be obtained elsewhere. More especially, Baron de Worms offers to his readers four maps, very carefully executed, in which the nationalities, the religions, the population, and the cultivation of the different parts of Austria are exhibited in a striking and intelligible manner. There are also many documents, and among others the Treaty of Paris, reprinted in this volume, which it is very convenient to have made accessible in one volume instead of being scattered over many."*Saturday Review*, December 9, 1876.

[The above Work has been translated into the French and German languages.]

ADVANCED TEXT-BOOK OF GEOLOGY.

By DAVID PAGE, LL.D., F.G.S.

Professor of Geology in the Durham University College of Physical Science, Newcastle-on-Tyne.

With 153 Engravings and a Glossary of Scientific Terms.

EXTRACTS FROM REVIEWS OF THIS EDITION.

"It has undergone revision and enlargement, and undoubtedly in its present form is one of the most compact, as it is one of the most comprehensive, books on the subject of which it treats. Students can clearly not dispense with it."—*Scotsman*.

"It is almost superfluous to say that it is brought abreast of the most recent discoveries and the most advanced scientific theories."—*Newcastle Chronicle*.

"Compared even with the edition of 1872, a great deal of new matter has been added. What is also of moment, there has been an increase of the excellent illustrations, and we notice among them very few indeed of the stock figures, which have been repeated so often that they come almost to be regarded as of little less antiquity than the objects they represent."—*Iron*.

"The work has long been a standard Text-Book in the principal colleges and higher schools of the country; and the publication of a sixth edition shows that it retains the position it has hitherto held, and continues to command the confidence of teachers."—*Leeds Mercury*.

MISS JESSIE FOTHERGILL, Author of "Healey."—ALDYTH.

RECENTLY PUBLISHED BOOKS.

THE GREAT GERMAN POLITICAL NOVEL.

FOR SCEPTRE and CROWN. A Romance of the Present Time. By GREGOR SAMAROW. Translated by FANNY WORMALD. 2 vols. crown 8vo, cloth, price 15s.

This celebrated work created a very great sensation among all classes when first published. It deals with some of the prominent characters who have figured and still continue to figure in European politics; and the accuracy of its life-pictures is so great that it is presented to the English public, not as a novel, but as a new rendering of an important chapter in recent European history.

"This historical novel of the present day ought to interest a very large class of readers. Regarded simply as a story it is by no means without merit; but it is also a key to the war politics of the last ten years, a portrait gallery of the great sovereigns, ministers, and generals of contemporary Europe, and a guide to the very best Continental Society of our time."—*Pall Mall Gazette*.

"Contains some humorous and careful studies of places and people made famous by the great German war. The author's pen is wielded with considerable power."—*Daily News*.

The NEGLECTED QUESTION. By B.

MARKEWITCH. The New Russian novel, dedicated by Express Permission to H.I.R.H. Marie Alexandrovna, the Duchess of Edinburgh. Translated from the Russian by the Princesses Ourousoff. Cr. 8vo, cloth, price 14s.

"The rights and interests of the children of women 'who change one affection for another, ruthlessly treading every obstacle under foot'—that is to say, the deserted children of guilty wives—are advocated and urged by the Russian novelist in strong terms, and enforced by a striking and terrible example."—*Spectator*.

"English readers will be delighted with the glimpses of Russian country life which they get in this novel."—*Pall Mall Gazette*.

POEMS. By Annette F. C. Knight. Fcap.

8vo, cloth, price 5s.

"A volume of distinct and decided merit; the thoughts are not superficial, her vein of feeling is pure, and her language has often an unpretending force and fitness such as results from the study of good models when pursued in a spirit too intelligent to be imitative."—*Guardian*.

"These poems are musical to read; they give true and pleasant pictures of common things, and they tell sweetly of the deeper moral and religious harmonies which sustain us under the discord and the griefs of actual life. But if Miss Knight thus follows in the steps of Wordsworth and Tennyson it is not in a way of mere imitation. She has a style of her own, and as often reminds us of the songs of Ben Jonson and Shakspeare as of those later poets."—*Spectator*.

"Somewhat too mystical, yet characterised in many places by an intense perception of the weird side of human nature."—*Daily News*.

RESEARCH. By VARIOUS WRITERS. Square crown 8vo, cloth, price 10s. 6d.

"There is much truth in what the various writers who have contributed to this volume say. . . . They act wisely in setting forth their conception of what they ought to have in its fullest extent."—*Examiner*.
